CRAB ORCHARD.

J. H. Stephens has rented the old Roberts farm of A. H. Bastin, and will move to it Jan. 1. J. F. Holdam will move back to his home here the first of the year. Alex Beazley will move his family to Lancaster. Mrs. Laura Moore has left for Chicago to live. Mrs. Coffey, of Rockcastle, has purchased the cottage on Stanford street of J. H. Cummins and moved to it. W. K. Buchanan has rented the cottage of Mrs. Hunter near the depot and will move at once. Mrs. M. E. Fish goes to Sanford, Jan. 1. Mrs. Sue Holmes, of Elkton, is visiting J. H. Collier. Mrs. James F. Cummings, of Stanford, is with her parents, Dr. and Mrs. J. D. Pettus. The sick are all convalescent, except Miss Lillias Buchanan, who still remains in a critical condition. Mrs. Susan Bywaters left Monday night for her home in Idaho. Heavy frost in this locality is reminding us that the "melancholy days are over."

BY ANOTHER CORRESPONDENT.

Only a few patients are at the Keeley Institute, but several are expected this week.

Levi Elder had one of his hands badly cut while handling a piece of glass, and had to give up his place in W. E. Perkins' store for a few days.

J. W. James is enlarging his distillery and putting in new machinery prior to starting up in a few days. He will ship a car-load of his whisky to California this week.

With four hotels the visitors to Crab Orchard ought to do fare well. You can be well attended to either at the Springs Hotel, W. A. Beazley's, Curtis Gover's or A. H. Bastin's.

Crab Orchard has the blackest barber in the state in Samuel Blakemore, who has been dubbed "Snow Flake." Robert Fish, the other tonsorial artist, is not so white, but both are good barbers.

Miss Pearl Phillips, of your town, is doing nicely with her millinery store. Besides doing her own trimming and waiting on the trade, she attends to the telephone exchange, and is consequently kept pretty busy.

There are numerous vacant lots in our town where houses could be built, which would add materially to the appearance of the "city of the East End." Can't somebody buy the grounds where the brick hotel and the Harris House stood and build?

A good crowd attended W. T. Stephenson's sale Friday but bidding was so slow the sale was "declared off." Mr. Stephenson says Jordan Peter Chandler, the auctioneer, was in such a hurry to get to dinner he did not give the bidders a chance to buy.

The race for police judge is waxing warm and it would take a prophet to tell which will be victorious, present incumbent J. R. Brooks or John Edmiston. Little interest is manifested in the race for trustees and not much in the congressional race, except by the rads, your correspondent is sorry to say.

Entries for the Kentucky Derby, Clark stakes and Kentucky Oaks for 1898 have closed with the following number of entries: Derby, 132; Clark stakes, 119; Oaks, 83. The Derby is a mile and a quarter and is worth \$6,000; the Clark is at one mile and an eighth and is worth \$4,000; the Oaks is at one mile and a sixteenth and is worth \$3,000.

For dehorning, take two parts of caustic soda, one of kerosene and one of water. First stir the former two ingredients together thoroughly, and then add the water. After trimming the hair away from the horn of the young calf, apply carefully with a rubber cork. See that it does not run down the face.

Old Charley Moore is in trouble again. He is under arrest, with his publisher, J. E. Hughes, on an indictment found in the U. S. court at Cincinnati, charging that his paper, the Blue Grass Blade, published and circulated, while in Cincinnati, a disgusting article advocating free love.

Gen. Gordon announces that the next encampment of Confederate Veterans will be held May 10-13, at Charleston, S. C. There are now 1,170 camps and applications for 200 more.

THE BEST PLASTER.

A piece of flannel dampened with Chamberlain's Pain Balm and bound on to the affected parts is superior to any plaster. When troubled with a pain in the chest or side, or a lame back, give it a trial. You are certain to be more than pleased with the prompt relief which it affords. Pain Balm is also a certain cure for rheumatism. For sale by Craig & Hocker, Druggists.

I desire to thank our Doctor, our neighbors and friends, who gave their ready sympathy and help during the illness of my wife and daughter. Their kindness shall always be held in grateful remembrance by myself and my daughters. J. W. Eubanks.

DANVILLE.

An impromptu dance was given at the Glicher House Friday evening.

The public school adjourned Friday on account of the death of Mr. Wm. Lewis, the father of Miss Lydia, one of the teachers.

The funeral services of Mr. John Dillon, who died Friday, were held in the Catholic church Saturday morning, age 75 years.

Dr. E. M. Green and J. M. Van Meter have returned from Carlisle, having been attending Syden in that city for several days.

The "Betsy Hamilton" recitations delighted a full house Saturday evening. Truly "she is inimitable."

The friends of Mr. S. V. Rowland regret to hear of his illness in Richmond. Mrs. Wm. Rowland has been very ill for several days.

THE INTERIOR JOURNAL

STANFORD, KY., - Nov. 1, 1898

W. P. WALTON.

DEMOCRATIC TICKET.

For Congress,
GEORGE G. GILBERT,

WITH SUPPLEMENT.

In his speech at Richmond, Hon. G. G. Gilbert is said to have championed the new election law and to have declared against the acquisition of the Philippines. The INTERIOR JOURNAL is an original expansionist, but as Mr. McKinley now proposes to acquire the Philippines, it is decidedly against taking them in. His proposition is to assume a large debt hanging over the islands and pay Spain for them besides. We do not need them that bad. This government took Luzon by force of arms and could have taken the whole group had not Spain thrown up her tail and hallooed "enough." McKinley's proposition therefore is the height of folly and stupidity and is worthy only of a man who wants to do something and does not know how. The United States had debt enough before the war and the several hundred millions that it has added and the pensions it will have to pay for the men ruined by inhuman treatment are about all she can stand. We are for holding all we took by armed force, but this government is not in condition to acquire territory by purchase and the people will never endorse so idiotic a policy as McKinley proposes.

JUDGES PRYOR and Holt, both ex-chief justices, indulged in some strong personalities when the Goebel law came up before the court of appeals, during which the former accused the latter of making statements, which were untrue. The court called them to order and the case was finally submitted without argument, as Judge Holt claimed he was only acting as a private citizen, the court holding that it did not care to hear one, unless the other side was represented. Attorney General Taylor was permitted to file a brief in the case not later than today. There is little doubt that the court will declare the election law constitutional, the same agreed facts as in the prison commission law having been presented.

CAPT. CHANLER, who was honorably discharged from the army to accept the democratic nomination for Congress in the 14th New York district, said in his first speech that Bro. Abner McKinley made pot of money out of clothing contracts for the army by getting big prices for clothes that were simply rotten. Chanler, who is as good as elected, says he will have that and other army contracts made like most of the appointments for partisan purposes, investigated and there will be no whitewashing about it. If Congress is republican, however, he will be able to do nothing. Help to give the body to the democrats by voting for Gilbert.

THE Shelby Sentinel, which has been run by Poynter & Shinnick as a gold bug paper, has been sold to Messrs. James M. Guthrie and M. O. Sullivan and will hereafter keep in the middle of the democratic road. Those democratic papers, which refused to accept the dictation of the party's representatives in convention, regularly called and properly elected, seem to have as hard a row to hoe in Kentucky as republican sheets, nearly all of which are on the verge of starvation.

THE State board of health finds that Osteopathy is curing cases that the regular practitioners had failed to give relief and it raises a row with the new system at once. An order citing the manager of the institution at Franklin to appear before the board was met by an injunction granted by Judge Settle, who seems determined that the Osteopaths shall have a fair show, and the board is finding that it is not the entire State.

In order that the much misunderstood and much abused Goebel election law may have an inning, we present in a supplement sent with this issue, the unanswerable speech of its author delivered at Glasgow. Read it and if you are not convinced that its passage was a necessity you would not be convinced though one rose from the dead.

THE president has already issued his proclamation naming Nov. 24th as Thanksgiving day. The reason of his precipitancy doubtless is due to the fact that unless he did so now he might never do it at all, since the prospect is that he will have precious little to be thankful for after the election.

A BOSTON physician makes the statement that every woman has either crooked arms or crooked legs and a Boston editor says that gymnasium professors corroborate the opinion that women are knoeed-kneed, bow-legged, too lean, too fat, or only partially developed, and a straight arm is very rare. These libelers evidently think that the sky comes down to the ground all around the Hub. Boston women are doubtless built as they describe, but they are not the only peaches on the tree. Out here in Kentucky alone there are scores of women who would make even the Statue of Venus de Medicis blush to find it is shapeless in comparison with them.

THOSE who think Mr. Watterson is idle when nothing from his pen appears in the Courier-Journal are not aware of how much work he really does. He has recently completed a book on Abraham Lincoln, an article from his pen appears in nearly every issue of the Youth's Companion, he lectures on Lincoln and other subjects while not otherwise engaged and now an Ohio publishing house sends us a prospectus of a history he has just written of the Spanish war. A wonderful man indeed is the great Southern editor.

THERE is always something interesting in the Owensboro Messenger, no matter how dull the times. Its editor has views and the ability to express them cogently and entertainingly and his democracy is as pure as the fountain of life. Urey Woodson deserves more credit than any man in the State, and those who would belittle his efforts, belittle themselves. If you want a real dyed-in-the-wool, blown in the bottle democratic paper, subscribe to the Owensboro Daily Messenger.

His mother left Wm. Wagner, of Philadelphia, \$200 to be spent entirely in going to the opera, but if Billy is an up-to-date beau and takes his girl with him, he will soon get away with the old woman's money. Besides the tickets, a hack has to be hired and flowers bought, the evening's fun winding up with a wine, or some other kind of a supper. That's the way the money goes, and that's the reason so many young men with meagre salaries learn to speculate.

IT is exasperating to a newspaper man to get interested in a report of the sale of fine stock and then come to a wind-up which reads, "price private" - Covington Commonwealth. You are right. The item is valueless without the price being given and the INTERIOR JOURNAL makes it a rule never to gratify the vanity of traders by giving reports of their transaction unless they state the consideration attached.

DEMOCRATS need not lay the flatteringunction to their souls that because they can observe no activity in the republican ranks that they are not organized and will not go to the polls. The republicans are always organized and they always vote every mother's son of them. Let the democrats be as patriotic and the white men of the district will be represented in the next Congress.

IT was the irony of fate that Col. G. E. Waring, the sanitation expert, sent to Havana to look after the city in that respect, should have contracted yellow fever while on duty. He died in New York Saturday and in order to prevent a spread of the disease, his body was cremated in three hours after his death and his house fumigated and disinfected.

THE Louisville Commercial is taking each Kentucky district seriatim and in laudatory articles of the nominees, convinces itself that republicans are going to be elected in each. Fortunately for the good of the State, Editor Gelatt does not know whereof he affirms since Hanna's money can't buy the elections under the Goebel law.

THE resignation of Adjutant General D. R. Collier and the appointment of Col. Wilbur R. Smith and the resignation of Smith followed by the reappointment of Collier, is one of the funny things, of which the public is not sufficiently acquainted to laugh.

THOUGH not intended for him, an excellent picture of Editor Logan, of the Louisville Times, appeared in the issue of Friday. The elongated statue, the mustache, the hat and the general appearance indicate that Bre Logan "sot for that pictur."

EDITOR R. W. KNOTT, of the Louisville Post, has been indicted for criminal libel in slandering the Board of Public Works. An indictment against him is now in order for slandering the democratic party.

FRANCE is right. England is too much for her to tackle. She has accordingly, virtually given up her claim to Fashoda and war's wrinkled front appears to be smoothing out.

THE Logan County News, under the management of S. W. Linebaugh, is one of our best exchanges. May it live long to preach and practice true democracy.

SAM JONES is holding another meeting in Hopkinsville. It must be a hard job to get Editor Meacham straight and keep him so.

THE Louisville Dispatch is evidently preparing to get out of the Post's quarters by the way it berates that paper for its "cowardly, contemptible and dirty" fight against Turner. The Post claims that Turner has a Negro typewriter, and in its issue Saturday printed their photographs side by side, a meaner advantage than even a republican paper had taken.

THE Commercial very much mistakes the attitude of the voters of the Eighth district if they seriously consider the namby pamby Mr. Gilbert as near the equal of the energetic George M. Davidson.—Louisville Commercial. You are very much mistaken. Indeed, you could not be more so if you had burned your shirt.

POLITICAL POINTS.

Madison county democrats claim it for Gilbert by 200.

G. A. R. men of Fleming and Carter counties are in revolt against Pugh, the republican nominee for Congress in the Ninth district.

Rev. Tom McGary, a colored preacher of Owensboro, has renounced the republican party, and says he will henceforth vote the democratic ticket.

The democratic congressional campaign committee claims that the next House will be democratic by 24 to 26 majority, conceding California to the republicans.

Chairman Babcock, of the republican congressional committee, says the republicans will have a majority of 27 in the next House. They now have a majority of 57.

The democratic managers in New York claim the State for Van Wyck by from 75,000 to 100,000. The New York Herald's forecast shows Van Wyck in the lead.

Secretary of State Hay expresses the opinion that the treaty of peace will be signed by December 1, and intimates that we will keep the Philippines and assume the debt of the islands.

It is said that President McKinley will take about 5,000 offices out of the civil service list about thanksgiving. All the deputy collectors, pension surgeons and deputy marshals are in the list.

It is reported that the Bradley and Hunter factions of the republicans will form a republican alliance in the near future. If this is true, we will wager that Bradley will be the head of it.

The N. Y. World says: The democrats in the next House of Representatives will probably have a clear majority over the republicans, fusionists and populists of five, their possible plurality over the republicans being 20.

The governor of New Mexico again urges the admission of that territory to Statehood. He estimates the total population of the territory now at 282,000, including an Indian population of 25,900. Of the 1,100 men from New Mexico in the war with Spain at least one-half were National guardsmen.

The administration has changed the name of the Krug-Jorgenson rifle, which will be known hereafter as the United States magazine rifle. Thanks! The country will gladly endorse that much of the president's "policy," and if he will change the name of secretary of war, it will endorse him some more.—Louisville Times.

Forewarned is forearmed. The democrats should bear in mind that the republicans, particularly those of the gray gelding variety, are noted for their still-hunt tactics and will try to slip up on their opponents in localities suspected of being apathetic. Let there be a thorough organization in every county of the district, plenty of campaign orators to meet and refute the sophistries of the republican gaffers and we do not fear the result.

WHAT WAR HAS DONE.

We have recovered our own national feeling. Four months ago we were a great mass of people rather than a compact nation, conscious of national strength and unity. By forgetting even for this brief time our local differences we have welded ourselves into a conscious unity such as the republic has not felt since its early days. This consciousness, says a writer in Atlantic, is the keener because of the increased respect that other nations have for us. The United States was never before understood in official Europe, perhaps not even in official England. When the war was begun most of the continental nations failed to conceal their contempt for us; they now respect us as they never dreamed they should. Nor is it only our naval victories that have given the world a somewhat new conception of the United States. Quite as impressive has been the absence of the old-time barbarities of war and of warlike vindictiveness. To send home across the ocean a captured army, to parole the officers of a captured squadron, to feed not only the victims of Spanish misrule, but the Spanish themselves, have laid emphasis on other reasons for war than the old reasons of the punishment of enemies and the conquest of tribute-bearing territory. In humanity to the enemy this war is without parallel. Both the power and the aims of the republic are more clearly understood in Europe than a half century of peace could have revealed them, and (in no spirit of boastfulness) we might add the American character, also. It is to be hoped, too, that we have had some effect on the medieval diplomacy of Europe. We have often been called blunt and discourteous in our diplomacy—no doubt with truth; for European diplomacy is a dilatory art, that has always been as courteous as it has usually been mendacious. Ministers have seldom said what they or their masters meant. Now, if the dealings of civilized governments with one another are ever to advance beyond evasion and cunning, the old diplomacy must change to republican directness and frankness. It need not take on courtesy in manner, but it must speak the truth and keep faith. If we have even in slight measure discredited the old mendacious and dilatory methods we have done something toward furthering political civilization.

There is no murder case on the docket and only three suits for divorce.

HON. R. C. WARREN filed his appointment at Bee Lick Saturday and spoke to as large a crowd as the house would hold. There were many present from Pulaski and he got in a good word for Hobson and Tye, while presenting excellent reasons for the election of Mr. Gilbert. Mr. Warren tells us that the people of that section will be at the polls and vote right.

THE Harrodsburg Sayings' report of the fiscal court doings, shows that an appropriation of \$125 was voted to supplement the salary of Commonwealth Attorney J. S. Owsley, Jr., provided each of the other counties, Boyle, Garrard and Lincoln agree to contribute a like sum. These amounts added to what the Commonwealth's attorney usually gets, makes his salary about \$2,000 a year.

WILLIE GIVENS, a Boneville Negro subject to fits, jumped in the fire during one Friday and was considerably burned. Jane Hill heard him and went in and pulled him out or he would have burned to death.

LATER.—He died of his injuries Sunday night.

FOR STEALING.—Samuel and William Lambert, of Casey county, were placed in jail Saturday for stealing three spring wagon wheels from a West End party, to await circuit court. The former caught a 25-day sentence and a \$10 fine in Squire W. A. Coffey's court for carrying concealed weapons.

THE Ladies' Aid Society of the Presbyterian church held a praise service Friday afternoon, to which the societies of the other churches were invited. A number of timely talks were made and several excellent papers read by the members. The mite boxes were opened and a collection taken, the proceeds amounting to the nice sum of \$30.

THE docket of the circuit court has been filed for printing by Clerk J. F. Holdam. It embraces 73 commonwealth cases mostly against liquor law violators, 14 ordinary, 27 ordinary appearances, 17 equity appearances and 105 equity cases. There is no murder case on the docket and only three suits for divorce.

These amounts added to what the Commonwealth's attorney usually gets, makes his salary about \$2,000 a year.

OUR editorial page is part of the congressional ballot, showing where to make the cross so as to vote for Gilbert. As there is only one candidate to the party, however, a cross in the square opposite the name will do just as well. After you have marked for Gilbert, be sure and mark in the square labelled "Yes" just below the ticket. That will record your vote for the bond issue, and that all honest men should do, especially those who voted to free the pikes.

FOR TRIAL.—Sheriff B. P. White and Deputies White and Hollon, of Clay, came here Sunday for J. B. Barrett and James Baker, who have been here for safe-keeping. They have been indicted for complicity in the murder of William Howard and will be tried at Manchester at the present term of court. Tom Baker, who is also in jail here, got a life sentence, it will be remembered, for the murder of White and his case has been taken to the court of appeals. Both Barrett and Baker wore an uneasy air when they left. Sheriff White, who was reported shot by Bob Lucas at Manchester several days ago, told an I. J. reporter that there were no grounds for the report and that there was also no truth in the statement sent out that Sam H. Kash had shot a man.

T. R. SLAVIN has been appointed postmaster at Manse, Garrard county.

HONS. M. F. NORTH and R. C. Warren will speak at Kingsville Saturday, Nov. 5th at 3 P. M.

THE Vanderbilt and University of Cincinnati foot ball teams lock horns in Louisville, Saturday, Nov. 12, and the L. & N. will make a rate of one fare for the round-trip from here.

BEGINNING yesterday the Kentucky Central train for Richmond leaves the depot here at 2:30 P. M. instead of 3:45 as heretofore, a change which the people along the line will appreciate.

ON Thursday next I will have an entire new line of winter millinery, including a number of handsome pattern hats and bonnets. The ladies are invited to come and examine. Mrs. A. A. McKinney.

THE Hallowe'en party advertised by the young ladies of the Presbyterian church, at Owsley's Hall, for last night, was declared off on account of the meeting at the Christian church, which they expected would close Sunday night.

CONTRARY to expectations the 2d Kentucky was mustered out in time to come home to vote and the boys who have suffered at the hands of incompetent and venal officials are going to give the administration a whack by voting for George G. Gilbert.

BY voting for the bond issue, you will reduce present taxation and let those who come after us bear some of the burdens that this generation has borne in building and buying pikes. Lincoln county has paid fully half and in many cases nearly all for building the pikes constructed in last score or so of years.

I DESIRE to commend to the public Messrs. J. Nevin Carter and Jack L. Beazley, who have bought my grocery stock. They are splendid gentlemen and will not only sell you goods cheap, but treat you right. Remember I am next door, with dry goods, furnishing goods, shoes, hats, &c., as cheap, if not cheaper than the cheapest. Mark Hardin.

DEMOCRATS you have a patriotic duty to perform next Tuesday. Go to the polls and show McKinley what you think of the way your sons and your friends were murdered by the negligence and incompetence of the officers, appointed solely for political purposes, by voting for Gilbert, who will in turn, vote for a full investigation of his methods.

THESE seems to be cumulative evidence that there was more desire to nominate Gilbert than to elect him. So far the only work done in this county for him has been done by Hons. R. C. Warren and M. F. North, original McCreary men. If the original Gilbert men have done, are doing or will do anything to elect him, the fact does not appear. As the election is just a week off, they had better be getting a move on themselves. Unfortunately a nomination is no longer equivalent to election and work and vigilance have to take the place of satisfied assurance.

RELIGIOUS MATTERS.

D. C. Yazell, aged 83 years, a minister of the Christian church for 50 years, died in Mason county.

ESTHER 8:9 is the longest verse in the Bible and John 11:35 is the shortest. One has 90, the other, two words.

The Rev. Samuel Mutchmore is no more. He died in Philadelphia where he has held a pastorate since leaving Louisville.

The Kentucky synod represents 20,000 communicants. It owns Central University, at Richmond, and academies at Jackson, Elizabethtown and Middlesboro, and a theological seminary in Louisville.

Superintendent T. N. Williams, of the Cumberland Presbyterian Church Extension, reported to the Synod that he delivered 121 sermons and 37 addresses, visited 283 families, traveled 13,312 miles and raised \$506.44. The Synod will meet next year in Bowling Green.

While describing the devil in glowing terms, a drunken man entered the church, in which Rev. John Fugart was preaching at Nelsonville, O., with a pistol almost a foot long. Fugart, thought to be the imp he was describing, and jumped through the window, taking the sash with him.

Rev. Thomas G. Bosley, aged 89, died at Jeffersonville of paralysis. He was born in Washington county, and was ordained a minister at the age of 20. He preached in every district in the Methodist Episcopal Conference, and was the second oldest pastor in the Kentucky Conference.

Unless there is renewed interest manifested by many additions, it is likely that the meeting at the Christian church will close tonight. Rev. H. A. Northcutt has labored faithfully and well and the series of sermons he has preached in the last three weeks have hardly ever been equalled here and never excelled, and they will be long remembered by all who have had the privilege of hearing them.

MIDDLEBURG.

Rev. George W. Perryman will hold a meeting at the Baptist church in the near future. He will probably be assisted by Capt. Green, of the 2d Kentucky. They are both good preachers and the meeting will doubtless be an interesting one.

J. C. Coulter went to Casey Creek Wednesday to buy cattle. Jason Wesley is laid up with rheumatism and his school has been dismissed. Ed Keeney, of the 3d Kentucky Cavalry, has been mustered out, and is at home with his father and sisters.

George R. Jeter has announced himself a candidate for assessor and will try Mr. Mills a twist. Mr. Jeter is a good democrat, though not an offensive one, and is one of the best qualified men in the county. Should he be elected the people can rest assured that the work of assessing the county will be well done, and not guessed at, as has been the custom in several instances.

Rev. Johnson and wife are still holding forth at the Methodist church. Good crowds attend each service and standing room is sometimes at a premium. We learn that the preaching while, not above the average, is good enough for us Caseytites. But the song service is very interesting and seems to be the drawing card. There have been a few conversions, but no sanctifications that have been heard of to date. The meeting will probably hold through this week.

Out at Mt. Olive the other night, Rev. Gillum, pastor of the Christian church, preached a discourse in which he seems to have given his congregation a general shaking up. Two prominent members got up and left the house, but returned after services when some hot words were passed. In his sermon Rev. Gillum brought charges against a number of members and five serious ones against one of the elders, who had made himself very prominent in religious gatherings in that section. The next day the offending elder came forward and "acknowledged the corn," resigned his office and begged forgiveness of the church, which was granted, and then all went well. Rev. Gillum seems to be of that class of preachers that hew to the line regardless of the falling of the chips, and he will be endorsed by all right thinking people. Preachers as a rule are a little too "mealy mouthed" nowadays, and preach too much to tickle the ear.

HOW SOLDIERS GET WATER.
Corporal Binks: "I have the honor to report, sir, that a patient in No. 2 is hollerin' for a drink."

Surgeon in charge: "Very well, make out a requisition on the steward for a bucket of water."

Corporal Binks: "The steward is out of buckets, sir."

Surgeon: "Request the steward to make a requisition on the commissary for one-half dozen buckets."

Binks: "The commissary has reported, sir, that there are no means of getting the buckets here."

Surgeon: "Where are they?"

Binks: "At the freight depot half a mile down the road."

Surgeon: "Ask Capt. Swifter to detail a corporal's guard to take a hand-car and go after those buckets."

Binks: "The hand-cars are all in use, sir, carrying firewood for General Whooper's headquarters."

Surgeon: "That's bad. The only thing we can do, then, is to get a mule. I'll have to send to the war department for that. Yes, I'll make a requisition this afternoon, and we may expect an answer from the department about the first of the month. Then, if its favorably considered, we'll get the buckets up here in a hurry."

Binks: "And the fellow who is hollerin' for a drink."

Surgeon: "You tell him we are doing the very best we can."

Binks: "Yes sir, all right, sir."—Cleveland Plaindealer.

There are queer signs displayed in every city, which find their way into print, but the palm is yielded to the following which has drifted in from the Far East:

Mrs. Marshall, an indigent widow, went into the laundry business on a small scale. She had her sign painted upon the shutters of her front window like this:

No, I
Mrs. Mar shall.
La undress
All Work Punctually
Done.
Open at 7 o'clock.
See Specimens in this window.

The next morning, when she went out to see what caused the crowd in waiting there she found that the left hand blind had been blown back by the wind, and the sign hardly read as she meant it should, although it accounted for the presence of the crowd.

Cheaper coffee will probably be one of the results of the Spanish-American war. The finest coffee in the world is grown in Porto Rico, Cuba and the Philippines, and under the stimulation of American enterprise, these countries will, within a few years, be able to supply the world with coffee.

The smallest man who ever lived was probably the dwarf Bebe, born in France in 1740. He was just 20 inches tall and eight pounds in weight when full grown.
